OUR VISION

"To Build a Stronger Nation
through Education "

Dear Friends as you know, one way or the other tuition, coaching and other sources of extra guidance have become indispensable for our schooling system today, so there is a flood of coaching institutes, tutors and study material in the market. Students however, find it extremely challenging to balance between coaching and school.

Tiwari Tutorials is determined to provide you maximum growth in minimum time by our quality teaching and well researched study material to give you a stress free coaching system.

The guiding philosophy of Tiwari Tutorials is the message of the following lines of "Ramayana".

हरहि शिष्य धन शोक न हरहि,
सो गुरु घोर नरक में पड़ई ।।

"ऐसा गुरु जो अपने शिष्य का शोक नहीं हरता
बल्कि उसका धन हर लेता है उसे नरक
की घोर यातनायें झेलनी पड़ती है ।"

Trayambak Tiwari
Founder

Dear Friends,

If you are hard working and diligent with just one dream success! I welcome you to the wonderful world of Tiwari Tutorials.

I Suggest you to adopt the following fundamentals for your success.

- * There is a saying 'The difference between what we do and what we are capable of doing would suffice to solve most of the world's problem'. So if you feel you are not utilizing your full potential then start immediately.
- * Plan your day daily in the first 15 minutes so that rest 23 hours and 45 minutes can be utilized fully.

At last I would like to request my respected parents just to monitor the working of their child daily as an observer and meet us with their problems/ progress/ suggestion, once in 15 days along with the child.

Wishing you success!

Yatindra Tiwari "Manjul"
Director

BRIDGE COURSE

TIWARI TUTORIALS cares for each student by diagnosing the academic problem of the students with the help of **CAT**.

In order to make the child fit for the batch, a bridge course is organised to ensure that all the students of the batch are on the same level.

CLASS ROOM TEACHING

Each class begins with a recap of previous lecture and ends with summary of the day

Step -1 : Excellent class room teaching to develop the basic understanding of the subject.

Step -2 : Class-room Practice Sheet (**CPS**) comprising all type of problems.

Step -3 : Explanation of complex and tricky problems.

Step -4 : Doubt removal session at the end of the class.

STRESS FREE HOME ASSIGNMENT

We do not overburden students by voluminous books and excessive home-work. We distribute daily practice sheet (**DPS**) having about six questions based on class room lectures for Home assignments. A regular study of 15 to 20 minutes is more than sufficient to complete these **DPS**.

Our **DPS** contains all possible types of problems for a complete practice.

DOUBT REMOVAL CLASSES

- * Students may clear their doubts during the lectures without hesitation.
- * Students may contact their teachers individually just before and after the class.
- * Students may get individual time on prior appointment.
- * Online doubt sessions are also available to avoid undue transportation.

MONTHLY DIAGNOSTIC TEST

To assess the actual understanding and retention level of our students and to identify the areas of improvement, we conduct monthly examination of all the subjects.

In these diagnostic tests students are supposed to appear without any preparation.

REPEATED REVISION / BACKLOG & VIDEO LECTURES

All the lectures delivered by the teachers in their batches are recorded, if students want to watch any lecture for revision purpose then a proper video lecture class is arranged in the presence of teacher.

PRE BOARD / ANNUAL EXAMINATION

After the completion of revision of course the institute conducts Pre-Board / Pre-annual / Pre competitive examination as the case may be before the final examinations.

MODULE REVISION PROGRAMME

* After the completion of syllabus the complete course is divided into eight modules and effective revision is done @ one module per week.

A Module revision examination is conducted after the completion of every module.

HOME VISIT

We visit and meet the students and parents at their home to remove the hesitation of child and to develop individual interaction with students. We try to know about the daily routine and self study method of the students through our visits and suggest accordingly.

MENTOR SYSTEM

Each child will be allotted a Mentor at Tiwari Tutorials. A mentor is generally one of the subject teachers of the student. A mentor is like an academic guardian to the child and looks after the child by keeping track of performances & sharing necessary feedbacks with the parents. He is also the first line of communication with the institute in case of any academic or psychological distress.

SUCCESS TRIANGLE MEET

We strongly believe that parents are as important part of the learning process as the students and teachers. To share the monthly gross observation, progress and problems of the students, parents are requested to complete the triangle that is teacher-student and parents at least once in 15 days. Moreover parents must visit the institute at random to check, enquire and encourage the studies of their wards.

SELF STUDY AT CENTRE (UNDER THE GUIDANCE OF TEACHER)

If the students are not performing upto the mark even after all the efforts and parents feel helpless to monitor them then on request of parents a regular self study program in the presence of teacher is organized for such students.

MOTHERS TRAINING PROGRAMME

Self study is extremely important throughout the life of every student. Self study makes student ready to dive into the topics more deeply and makes connection between student and their learning. With an increasing number of latest technologies and social distractions students have started avoiding self study and written practices. How to involve kids into self studies is a **great challenge for parents** now a days. Though it is very easy if parents know the techniques to involve students into self studies. Generally fathers are busy in their work and children takes mother for granted and do not listen to them, therefore we do MOTHER'S TRAINING PROGRAMME for good parenting and stress free control on children.

My daughter studied at Tiwari Tutorials, Gomti Nagar Branch, for her class X, ICSE Board. The individual attention, regular guidance and continuous evaluation of my daughter's preparation ensured her success. The complete devotion of the teachers to their assigned roles and their untiring efforts in ensuring quality education, inculcated a feeling of self-belief and self-confidence in the child. We are extremely thankful to all the teachers of Tiwari Tutorials who through their knowledge and personal care, imbued the spirit of initiation, devotion and hard work in our child. The principles and procedures followed by the tutorials have trained her to be confident of her abilities and showed her the path to success.

Certificate of Appreciation

My son Tanay Kumar Prasad studied at **TIWARI TUTORIALS** in the academic year 2018-19. He had a very nice experience in his journey of academic session. The quality of teaching, discipline, and the study material provided there was excellent and the academic interest generated by the teachers was very much beneficial for my ward. The quality of lecture delivered by the teachers in the class rooms was splendid. Teachers gave personal attention to every child and Tanay gained a lot by joining 'TIWARI TUTORIALS' at the right time and has enjoyed the studies there.

I wish a very bright and sparkling future to 'TIWARI TUTORIALS'.

We are the only institute in the city for last 25 years that involves itself in the complete process of guiding students for excellence without imposing pressure on them.

We are aware that parent is one of the most important pillars of child's academic future. That's why we want as many parents to visit our centre and flood us with suggestions that can benefit children in general.

After extensive discussion with parents and Capability Assessment Test, we provide customised solution of all your academic problems (From group classes at the institute to tutorials at your home). We provide individual attention and focus on every child.

We thus request you to visit our institute with child to understand the entire process with a few days trial classes.
